

**Masterpiece builders
adds *The fine art of distinction*
to the mountains of North Carolina
and Tennessee.**

So many of our clients and friends on the Treasure Coast have reached out to the mountains of North Carolina and Tennessee for their vacation getaway, it's only natural that we would expand our quality of product and service to the mountain regions surrounding Bech Mountain.

Talk to us about your dream home in the mountains. Show us plans you may have for a proposal...or let us introduce our Heritage Timber Home selection. We also have excellent contacts for amazing mountain and village home sites. Contact us in Stuart at 772-283-2096, in NC 828-387-3600 or online www.masterpiecebuilders.com.
